**SHERIFF ANNOUNCES TRAVEL RESTRICTIONS ON ROADS IN  
JEFFERSON COUNTY**

Jefferson County Sheriff David Hobbs is strongly encouraging all residents to restrict travel on our roadways beginning at 8:00 p.m., Sunday, [September 10, 2017](#), due to the potential for high winds. If winds exceed 35 mph, first responders will not be permitted to use their vehicles to answer calls for service. Winds at this speed or higher will cause trees to fall and loose debris to become dangerous projectiles.

Sheriff Hobbs is asking residents to stay tuned to the Jefferson County Emergency Management Facebook page for further updates on Hurricane Irma. Citizens can call our Information Line at [850-342-0211](#) for any questions or concerns about the storm.
